<b>SUBJECT:</b>	Animal Breakthrough Solutions - Heal-it
<b>AREA OF CONCERN:</b>	Cut on the neck
<b>BEGINNING TREATMENT</b>	08-06-2015
<b>NOTES AND COMMENTS</b>	<p>I started using the Animal Breakthrough Solutions - Heal-it because one of my horses cut himself on the neck, he needed three stiches. I could see the results on the cut after just a few days. I have used a lot of products on different kind of cuts over the years and I've never seen a wound heal so quickly. If it's used daily and applied consistently, it's quick and efficient. Now my horse's cut is perfectly healed, the hair has grown back and you can hardly tell that there's ever been anything there.</p>
